Nestled in amongst the quintessentially Georgian architecture of the center of Bath, is Bath's newest restaurant: Piattino. This is an exciting new venture is a sister restaurant of one of LUX's existing members, Ponte Vecchio, and is the brain child of three Italians who have been passionate about serving Italian food to the people of Bath for 12 years.

Piattino which directly translates in Italian to "small plate" is a totally unique concept that the owners call a "brand new social dining experience". Gone is the menu of the traditional Italian restaurant of large pizza and pasta dishes, Piattino boasts of offering a luxurious variety of small and delicious plates that enables the diner to try many different options. They encourage you to come, choose one of their carefully crafted cocktails, enjoy 'umming' and 'ahhing' over their large and varied menu and then retire to their beautiful and atmospheric back room where you able to sit and enjoy live music – or switch it up and do it in whichever order you choose!

At Piattino, there is a strong belief in the connection between that of beautiful food, great wine and live, soulful music – and as a guest here, you can really feel it! Because when you dine at Piattino, you aren't a 'customer', you are 'guest'! The authentic and first-class Italian hospitality here succeeds in making you feel like when you sit down in Piattino, you feel right at home, and you're not really too sure when, or if, you'll ever want to leave!!

Discover the beautiful and unique cellar of Avery's located in the centre of town. The historic vaulted cellars are the ideal place for bespoke and unique events from informal wine tastings, blind tasting competitions, fine wine and Champagne tastings, dinners, parties, networking events and conferences

Your personal tasting will include a glass of Champagne on arrival and a great selection of wines. You could focus on a preferred grape variety or country, allowing you to discover your new favourite style.

Alternatively, add a bit of competition to the evening with a Blind Tasting Competition, where each team will need to guess the grape variety, country and price from our descriptions. Don't worry, it's a lot easier than it sounds! And every member of the winning team will take home a bottle of wine.

If you want to make the evening something a little extra special, then why not use the Cellars as an intimate setting for a dinner with a large group of friends or something a bit different for your next works party. Enjoy a specially prepared dinner cooked on the premises by McBaile Catering and a brief introduction on wine tasting with specifically selected wines to match each course. This is a great way to enjoy an evening of food and wine.

If you thought that sorbets and ice-creams couldn't get any better, then try adding alcohol into the equation!

A year from opening shop in the famous St Nicks market, the twin brothers have opened Bristol's first ice-cream and sorbet cocktail bar.

Using Liquid Nitrogen, watch as your cocktail is prepared and frozen in front of your eyes in a cloud of smoke. A favourite of ours is the "Passion on Ice": Tequila blended into a smooth sorbet with a passion fruit twist.

The setting is relaxed and cheerful on St Nicholas Street, inviting passers by to come and try these exciting drinks on offer.

The experience is made even better by the energy of the staff: They show the amazement and passion for ice-cream making and this filters through to their customers. Check their website for additional cocktails that are coming onto the menu!

Each cocktail in this bar is as enchanting as the story it has been created for: The Clockwork Rose follows the stories of the fictional Captain Sebastian Commodore and his adventures.

The Clockwork Rose creates an atmosphere of Steampunk: a genre of science fiction that has a historical setting, typically featuring steam-powered machinery rather than advanced technology. Visitors can find themselves surrounded by compasses, machinery and cocktails, guaranteeing an evening of discovery and fun!

Our favourite cocktails are the 'Capability Gimlet' made with rosemary-infused gin, blueberries, lavender syrup and lime juice or 'The Nautimore' composed of New Dawn 18-year-old sea aged rum, Solerno blood orange liqueur, lemon juice and sugar.

If you are feeling adventurous, look no further than here!

The Ox has seen a great success in Bristol, enticing businessmen and streetwalkers all week round due to their ever-changing high-quality menu. Steak is at the heart of everything The Ox does, using seasonal and local produce wherever possible. Vegetarian options are also available at this restaurant, such as Charcoal roasted mushroom risotto, girolles, poached egg, kale & tarragon.

Their success is reflected in their awards: The Ox restaurants are proud owners of an AA Rosette, the winner of the Best Steak in Bristol and were voted as the 47th best restaurant in the UK in the National Restaurant Awards in 2015.

The venue aesthetic is also worth mentioning. The Ox has stayed true to Bristol's heritage with a mahogany bar and chandeliers, making a relaxed and delectable dining atmosphere.

A wide selection of wines and cocktails are available in this special venue which are served to a high quality. At LUX we wouldn't expect anything less from The Ox, whose sister venues include the renowned Milk Thistle and Hyde & Co bars.

LUX's recommendation would be the Rib-Eye steak with garlic butter, with a side of triple cooked chips.
